Statement regarding the REACH regulation (EC No. 1907/2006)

Dear Madam and Sir,

thank you for your inquiry regarding compliance with the REACH regulation.

Regulation (EC) No.1907/2006 (REACH Regulation) is the EU regulation on the registration, evaluation and authorization of chemicals.
It regulates the handling of chemical substances in preparations and articles.

Registration of chemical substances
The company ept GmbH is a "downstream user" in the sense of REACH.
Our products are considered "articles" and not "substances", and as such are not subject to registration.
The raw materials used are either not subject to registration or are registered by our or are registered by our suppliers.
No chemical substances are released from our articles under normal conditions of use (cf. Art. 7 para. 1 of the REACH Regulation).

Substances of Very High Concern (SVHC) according to Art. 33 of the REACH Regulation Candidate List from February 04, 2026
According to current knowledge, the following "Substances of Very High Concern" are present in our products; see Table 1, which are included in the candidate list of the European Chemicals Agency ECHA.
We comply with the obligation according to Article 33 of the REACH Regulation and inform our customers immediately if, according to new knowledge, further substances subject to notification are contained in our products.

Regulation (EC) No 1907/2006 Annex XVII last update December 10, 2025
According to current knowledge, none of the substances listed in Annex XVII are present in our products.

We regret that due to the number of inquiries we have received and the complexity of each questionnaire, we are unable to reply to each individual request. We appreciate your understanding in this matter and trust that this letter will be sufficient in meeting your concerns.

For customized connectors (products not listed in Table 1), please contact customer service at sales@ept.de or Tel. +49 (0) 8861/2501-0.

Yours sincerely
ept GmbH
